

This integration is built, supported, designed and owned by Degreed. It is designed for enterprise customers of Degreed Learning Experience Platform (LXP) who have scheduled contact with their Degreed Customer Experience team, who also leverage both SAP SuccessFactors and SAP Employee Central as their LMS and HRIS, respectively.

SAP offers no warranties or support for this integration package. If assistance is required after copying/importing the package into your Integration Suite instance, please only contact your Degreed team. SAP Product Support should not be engaged in relation to this integration package.

SAP Product Support can only assist in situations where the package cannot be Imported or “Copied” from Business Accelerator Hub directly for any reason. After import/copy of the package, all support flows from Degreed.

If you do not have contact information for your Degreed Customer Experience team, you may reach out to support@degreed.com. This is not a manned address, however an automated response is sent with instructions for opening Technical Support cases in lieu of asking your Degreed team individually
